Highlights Teacher Guide

Hapara Highlights Teacher Guide

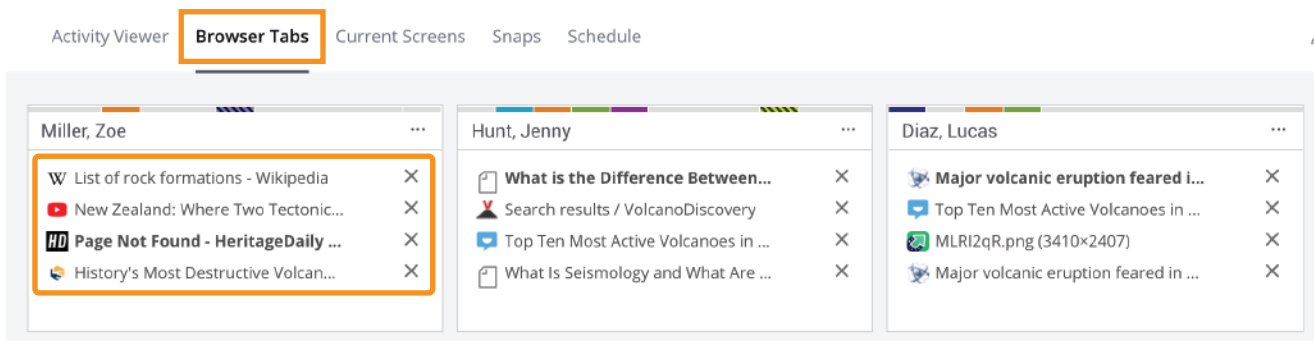

Hapara Highlights shows you what your students are doing online right now and gives you ways to interact, engage and support learning.

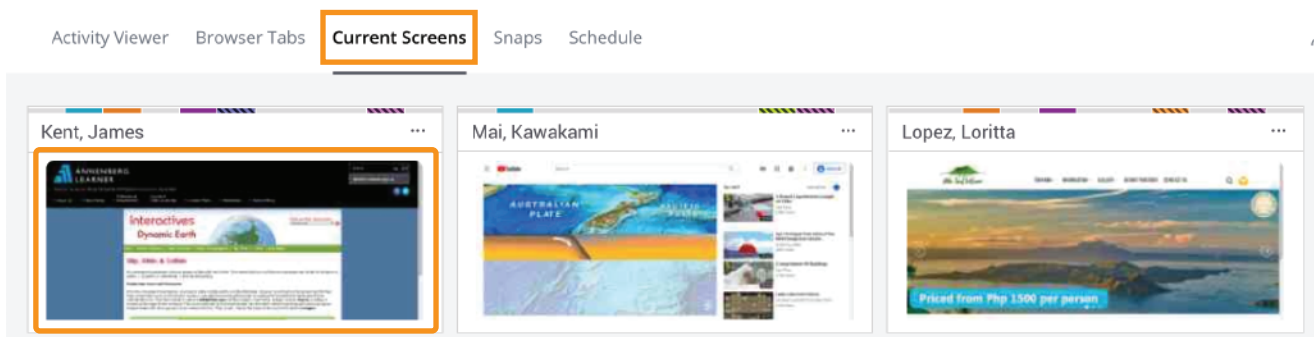

In what ways can I see what students are doing online?

There are three ways to see what your students are doing online right now.

In the **Browser Tabs** section, each tile shows you the current tabs your learners have open. The bold item in each tile is the tab the student is currently viewing. The tabs listed are also links. Click on any tab to visit the site your student is viewing.

Current Screens shows thumbnail images of students' screens. Click on any picture to see (and save) a larger version.

Hapara Highlights Teacher Guide

The **Activity Viewer** gives you whole class visibility into student online activity during your Highlights session. Click on tab listed to get more information--like which students currently have the tab open, and which had it open previously open.

The screenshot shows the 'Activity Viewer' interface with the following data:

Class Activity		Currently	Previously	Never
www.livescience.com	0	0	100%	0%
www.heritagedaily.com	1	100%	0%	0%
www.taalvolcano.org	4	100%	0%	0%
study.com	0	0	100%	0%
www.discovery.com	1	100%	0%	0%

How can I engage with what I see?

Highlights gives you several ways to interact with what you see, which can help support a productive learning environment. Sending messages and sharing links are great ways to get started.

How do I send a message to my class?

Highlights gives you several ways to interact with what you see, which can help support a productive learning environment. Sending messages and opening tabs are great ways to get started.

Send message

Click the Send message button to send learners in-the-moment feedback, encouragement and reminders.

Your message will appear as a pop up on student screens, like this:

The screenshot shows a student screen with a message pop-up that reads: "Message from Teacher George. This is a great resource! I'm going to share it with the rest of the class." The background shows a website with the text "World-Famous Caves" and "Found caves in Slovenia."

The dialog box titled "Send a message to students" contains the following elements:

- A text input field with the message: "This is a great resource! I'm going to share it with the rest of the class."
- Radio buttons for "The Class", "Student(s)" (selected), and "Group(s)".
- A list of students to message:
 - All students
 - Augustyn, Lilijana
 - Diaz, Lucas offline
 - Doe, John
- A search bar labeled "Search students".
- Buttons for "Cancel" and "Send message".

How do I open tabs for my class?

Share links

Click the Share links button to open up to 10 links on learners' computers.

How do I interact with an individual student?

Click the X next to an item to close that tab for a student. Click on the three dots to open a menu with more options for interacting with individuals.
